

# Annual School Plan

## 2024-2025

Harmony brings a family prosperity, cohesion makes a nation wealthy.

## **(1) Our School**

### ***Our Philosophy***

*“Harmony brings a family prosperity, cohesion makes a nation wealthy.”*

We believe every student is unique, valuable and able to learn. We want our students to undergo a comprehensive and cohesive system of primary education and develop into confident persons with Wisdom, Faith and Love.

We believe the overall aim of education is to enable every child to attain whole-person development. It is only through the integration of character and values, well-being and competencies that our future generations can be properly prepared to meet challenges of the new century.

"Harmony brings a family prosperity, cohesion makes a nation wealthy." By being good and doing good for others and the community, we are responsible and capable of taking part in building a harmonious and prosperous society. Education is thus about nurturing both the mind and heart of a person who shoulders the responsibility for creating a better world.

### ***Our Vision***

*“The school is an exemplary learning organisation wherein every member achieves one’s best”*

Our students as beacons of light;

Our teachers and staff as exemplary mentors and role models;

Our school as a learning institution for all; and

Our society as a safe harbour where it is harmonious and prosperous for us to live and work in.

### ***Our Mission***

To strive to provide a safe, comfortable and caring environment that supports students’ well-being and develops students into confident, competent and compassionate individuals.

To provide students with ample learning opportunities to lay a sound foundation for developing their capabilities in multiple areas.

To develop students to their fullest potential in the moral, intellectual, physical, social, aesthetic, affective and spiritual domains.

To equip students with cognitive skills, social and emotional skills, as well as life skills necessary for independent learning, decision-making and problem solving.

To engage and empower our teachers, staff, parents and other stakeholders to support a student-centric education approach in terms of moral, academic and talent development of our young.

## **Major Concerns**

1. Building students' positive character and values through social and emotional development
2. Achieving learning and teaching excellence through advancement in education technology
3. Serving the community through collaboration with stakeholders and partners

## 1. Major Concern : Building students' positive character and values through social and emotional development

Target	Implementation Strategy	Success Criterion★	Method of Evaluation★	Time Scale	Responsible person	Resource Required
1.1 To implement a comprehensive SEL (Social and Emotional Learning) curriculum	<p>1.1.1 Teacher Professional Development on SEL:</p> <ul style="list-style-type: none"> <li>Facilitate collaborative discussions and reflection sessions to help teachers explore how SEL can enhance their teaching and support students' social-emotional development</li> <li>Provide more in-depth professional development opportunities for teachers to develop their skills in integrating SEL</li> <li>Offer targeted workshops and coaching sessions on specific SEL strategies, such as creating a positive classroom climate, fostering student engagement, and incorporating SEL activities into lesson plans</li> </ul> <p>1.1.2 Integration into the Academic Curriculum:</p> <ul style="list-style-type: none"> <li>Identify and pilot SEL integration in a few selected subjects to gather feedback and assess effectiveness</li> </ul>	<ul style="list-style-type: none"> <li>All teachers participate in professional development on integrating SEL into their instructional practices</li> <li>All teachers participate in targeted workshops or coaching sessions on specific SEL strategies</li> <li>At least 80% of teachers participate in collaborative discussions and reflection sessions on integrating SEL into their teaching practices or student' activities</li> <li>All students engage in SEL- infused lessons and activities</li> </ul>	<ul style="list-style-type: none"> <li>Workshop surveys</li> <li>Classroom observation</li> <li>APASO (No Negative Emotions)</li> <li>Teachers' reflective discussion and sharing</li> <li>House Gathering Attendance Record</li> </ul>	Whole year	<p>Vice Principal (Student Affairs)</p> <p>Assistant Principal, Student Development and Affairs</p> <p>Vice Principal (Academic Affairs)</p> <p>Head of Character Building (Formal Curriculum)</p> <p>Panel Heads of relevant subjects</p>	Collaboration with external partners

## 2. Major Concern: Achieving learning and teaching excellence through advancement in education technology

Target	Implementation Strategy	Success Criterion★	Method of Evaluation★	Time Scale	Responsible person	Resource Required
2.1 To enhance digital literacy through targeted teacher and student training on educational technology	<p>Based on APASO results in the year 2023-2024 which indicated that our students had a self-proclaimed impression that they had not spent their time on lessons fully for educational use but on leisure (imbalance between leisure and educational use, Q-score 89), hence we aim to enhance the effectiveness of integrating educational technology in our daily lessons. Our strategies are as follow:</p> <p>2.1.1 Professional Development</p>	<ul style="list-style-type: none"> <li>85% of teachers report using at least one educational technology tool in their lessons at least once a week</li> <li>At least 75% of teachers attend at least 2 specialised workshops on</li> </ul>	<ul style="list-style-type: none"> <li>Technology usage data survey</li> <li>Teacher evaluations</li> <li>School-based questionnaires</li> </ul>	Whole Year	<p>Vice Principal (Academic Affairs)</p> <p>Head of Learning and Teaching Technology</p> <p>Panel Heads of all subjects</p>	Budgets for eLearning, subject materials in general and professional development activities

	<p>Workshops and Learning Circles:</p> <ul style="list-style-type: none"> <li>• Team-wide skills development and peer learning, identify advanced educational technology tools or trends that align with the school's goals and curriculum, such as video creation tools, virtual reality, or coding platforms</li> <li>• Provide specialised workshops on specific tools or technologies based on teachers' interests and needs, allowing them to explore these tools and experiment with their integration into instructional practices</li> <li>• Foster collaborative learning communities by creating opportunities for teachers to share their successes and challenges with educational technology integration, such as through peer lesson observations or sharing sessions</li> <li>• Offer workshops on effective online collaboration platforms and strategies to enhance communication and collaboration among teachers, students, and parents</li> <li>• Encourage teachers to design and implement technology-infused projects or lessons that promote higher-order thinking skills, creativity, and student engagement</li> </ul>	<p>educational technology tools</p> <ul style="list-style-type: none"> <li>• All teachers participate in peer lesson observations and/or sharing sessions</li> <li>• At least 80% of teachers report using online collaboration platforms to facilitate communication and collaboration with students and parents</li> <li>• The school's social media platforms or online communities have at least 2 posts or comments related to educational technology integration</li> <li>• All students in each grade level participate in at least three hands-on training sessions on educational technology tools relevant to their curriculum</li> </ul>	<ul style="list-style-type: none"> <li>• APASO (Information Technology)</li> <li>• SHS (Teachers' and students' views on student learning)</li> <li>• Lesson Observation</li> <li>• Student work</li> </ul>
