## Principal's Foreword

## Principal's Foreword

In the world of Visual Arts, “the eyes of visual arts” means more than just seeing with our physical eyes—it’s about how we perceive, imagine, and feel. It’s the gift of discovering beauty, stories, and emotions through colours, shapes, and lines. Visual arts invite our students to see the world in new ways, unlocking their creativity and helping them express what words sometimes cannot.

Here at WFJLPS, we cherish nurturing not only our students’ skills but also their ability to look with wonder and sensitivity. This year, our Visual Arts program helps students open their eyes to a world of possibilities, encouraging them to explore diverse artistic elements and find their own unique voices.

Art gives our children a special way to share their ideas and feelings with the world. By developing their artistic eyes, they gain confidence, empathy, and a deeper appreciation for the beauty and complexity in everyday life. Every piece of artwork you will see in this publication is a reflection of a young artist’s insight and imagination.

It is with great joy that I present the artworks of the 2024-2025 academic year. May these creations inspire us all to look closer, dream bigger, and see the magic that each child brings to our school community. Enjoy this wonderful celebration of creativity!

COMPETITIONS

# P.1 Polka Dots Animals

## Art Movement: Contemporary Art

Artist: Yayoi Kusama

Learning objectives: Experience the playful world of Contemporary Art with Yayoi Kusama. Students look at her famous polka dots and bright patterns. Learning goals include using repetition to create rhythm, picking bold colours for contrast, and drawing a favorite animal covered in dots to show Kusama's unique, infinite style.

# P.2 Little Fauvists

## Art Movement: Fauvism

Artist: Henri Matisse

Learning objectives: Explore Fauvism and the paper cut-outs of Henri Matisse. Students see how bold colours and simple shapes tell a story. Learning goals include using bright paper to create abstract forms, simplifying the human body into shapes, and making a colorful self-portrait showing a favourite hobby or activity.

# P.3 Endangered Animal

## Art Movement: Illustration & Collage

Artist: Eric Carle

Learning objectives: Discover the colourful world of Illustration with Eric Carle. Students look at how he uses painted tissue paper to build famous characters. Learning goals include creating unique textures on paper, cutting organic shapes to build an endangered animal, and layering vibrant colours to bring their creature to life.

# P.4 I am a Cubist

## Art Movement: Cubism

### Artist: Pablo Picasso

Learning objectives: Explore Cubism through the revolutionary style of Pablo Picasso. Students look at how objects can be broken apart and viewed from many angles at once. Learning goals include drawing a self-portrait with different viewpoints, exaggerating facial features for expression, and using geometric shapes to reconstruct the human face.

## Art Movement: Post-Impressionism

Artist: Vincent van Gogh

Learning objectives: Explore the expressive world of Post-Impressionism through the lens of Vincent van Gogh. In this lesson, students analyze Van Gogh's bold brushwork and emotional use of colour. Objectives include mastering "impasto" textures while reimagining The Starry Night with personalized palettes and a stylized character integrated into his iconic swirling sky.

# P-6 Balloon Sculpture

## Art Movement: Neo-Pop Art

Artist: Jeff Koons

Learning objectives: Discover Neo-Pop through Jeff Koons' shiny sculptures. Students transform simple balloon twists into solid art using paper-mâché. Learning goals include building 3D forms, applying colourful gold leaves for a metallic shine, and adding a custom character. This project blends modern pop style with bright, reflective textures and creative fun!
